Adoption Dashboards

We have added the columns Sub-District, District and Province to the Service Point Adoption Dashboard.

Service Point	Service Point Type	Session Count	Last Connected at	First Action	Latest Container for Sessions	Oldest Container for Sessions	Days since last connected	Sub-District	District	Province
Alex Training Courier 1	Courier	1	2018-09-25 08:28:13		4.33.5	4.33.5	>21	Ekurhuleni South	Ekurhuleni Metropolitan Municipality	Gauteng

Mobile: Demo Instance

SSO Enrolment

We have upgraded the enrolment process for demo (testing) instances to SSO enrolment. This means that you will no longer require a barcode to enrol, but instead an enrolment code.

In order for this process to work, you will require the latest RSA APK:

<https://appinstall.xyz/elabsza/android/staging/armv7/4.57.2.apk>

When navigating to a service point, please select "Generate Enrolment Code", wait 5 minutes, refresh and then use the Enrolment code that will appear in column 6 to enrol.

Name	Code	Funder	Implementation Partner	Go Live Date	Enrollment Code
Demo Courier	303030	Demo Funder	Demo Partner	2019-09-30	662493
